Livestream anywhere from a mobile device

Simultaneously record and
livestream matches using the
Hudl app on iOS devices.

The Basics

- Available in the Hudl App via an update
- Going live on January 2
- Scoreboard feature built in, specific to volleyball

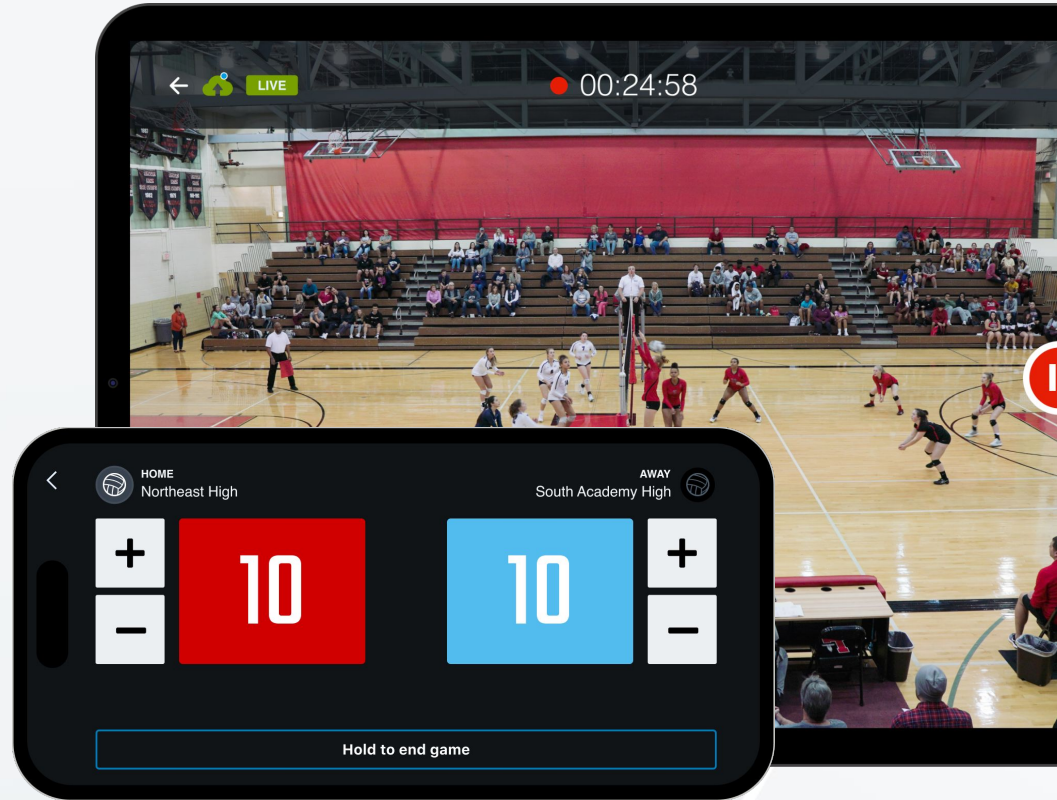

Here's what it has:

- Simultaneous Streaming/Recording
- Cloud Scoreboard
 - Score entry on second device
- On-Demand Version stored on club's page

Scoreboard

- Add and control via second device
- Specific for volleyball
 - Score
 - Sets
- Added in the cloud - not shown device

Streaming Workflow

1. Select Game in Hudl App
2. Enable Livestream Toggle
3. Tap Record

Go Live Early!

Scoreboard Workflow

1. Select Game in Hudl App
 2. Select Opponent
 3. Tap “Start Scoring Livestream”
- *Scoreboard added to viewers player*

Tap “Finalize Match” to end scoring

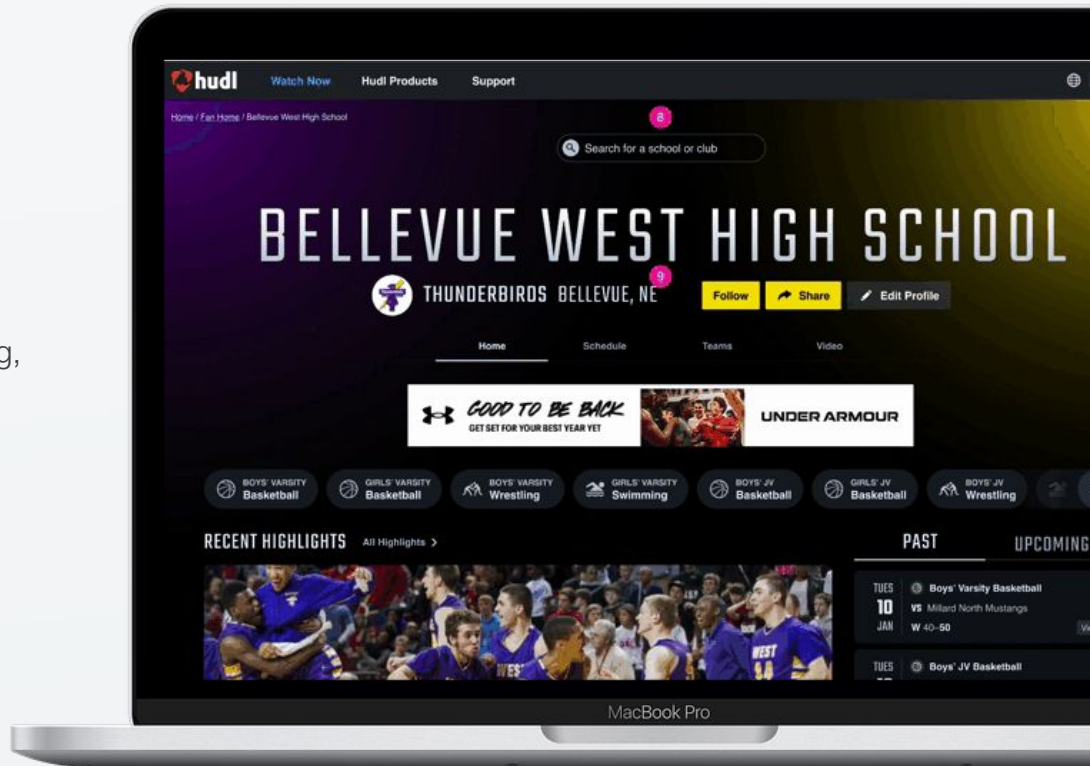

Your home page.

It all starts with your **personalized club profile**. It's a centralized place for you to manage everything, and a single location for fans to find what they're looking for.

Here's what it has:

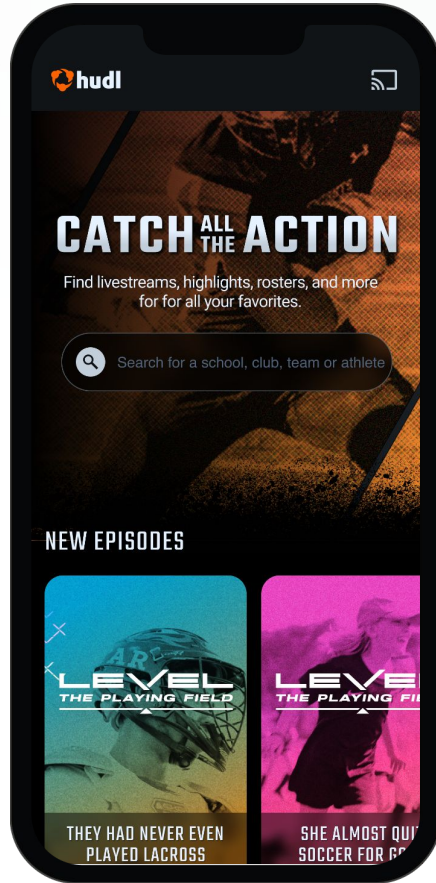

- Schedules
- Results/Scores
- Live-streams
- Highlights
- Stats*
- Rosters*

**Coming January 2nd*
